

NOTICE OF COMPETITION FOR THE ALLOCATION OF SPECIAL GRANTS ACADEMIC YEAR 2023/24

Resolution No. 15 of the Board of Directors of 28/03/2024

Determination of the Director of the Administrative Service

No. 169 of 05/04/2024

This document represents the English language translation of the original document written in the Italian language, translated for dissemination purposes only, and in no way produces any legal effect to which reference should be made only to the corresponding Italian language text.

NOTICE OF COMPETITION FOR THE ALLOCATION OF SPECIAL GRANTS ACADEMIC YEAR 2023/24

Article 1 - Recipients

The special grant is reserved for students enrolled in academic year 2023/24 who have taken no more than one supplementary year (to complete the required number of scheduled exams), and students with a 60% disability rating or higher, or with a recognised disability pursuant to article 3, paragraph 1, of Italian Law No. 104 of 5 February 1992, who have taken no more than one supplementary year, attending the following universities and courses:

1. The University of Cagliari:
 - a) bachelor's degree programmes;
 - b) single-cycle master's degree programmes;
 - c) two-year master's degree programmes;
 - d) specialisation courses of at least two years (with the exception of those in the medical field pursuant to Italian Leg. Decree No. 368 of 17 August 1999).
 - e) PhDs initiated pursuant to Italian Leg. Decree No. 210 of 3 July 1998, Article 4, provided that they are not recipients of a scholarship granted by the University, ministerial funding, or on funds from public or private institutions;
2. The Pontifical Faculty of Theology of Sardinia;
3. The Higher Institute of Religious Sciences, Cagliari;
4. The State Conservatory of Music of Cagliari:
 - a) three-year first-level programmes;
 - b) two-year second level programmes;
5. The Verbum School for Language Mediators.

Access to the grant is not permitted for single course attendance, as this type of enrolment does not confer university student status.

Students who already hold a degree of an equal or higher level to the course they are presently enrolled on are also not eligible for the grant.

Students must meet the income and academic achievement requirements included in this notice, and must be experiencing hardship that would compromise the continuation of their studies, resulting from a recent event that has substantially altered their family's economic situation.

The grant may only be awarded once over the course of a student's university career. In particular cases, if the amount allocated has not been fully paid to first-time applicants, the grant may be awarded for an additional year, for a maximum of two years, following a resolution motivated by the Regional Authority's Board of Directors.

Article 2 - Budget and grant amount

The amount budgeted for academic year 2023/24 is of €35,000. An increase in the above mentioned budget may be agreed, should any further sums become available.

The grant amount is set at:

€800 for resident students;

€1,200 for commuting and non-resident students.

Should the total budget not be used in full, the grant amount may be increased up to a maximum of €1,600 for resident students and €2,500 for commuting and non-resident students. Any resulting residual sums will be allocated among eligible applicants in direct proportion to the basic grant.

Article 3 - Eligibility requirements

The eligibility requirements for applying for the special grant are as follows:

a) The reason for the request must stem from a recent serious and documented event, that occurred before the starting date of the academic year (1 October 2022) prior to the submission of the application;

b) The family's economic and asset situation indicators must fall within the following limits:

ISEE	EUR 26,306.25
ISPE¹	EUR 57,187.53

c) The applicant must not be currently receiving a scholarship granted by the Regional Authority or any other body or institution for the academic year 2023/24;

d) Students enrolled on courses, after completion of the first year, must have met the academic achievement requirements outlined below:

Three-year degree courses

Course year	2nd year	3rd year	1st supplementary year	2nd supplementary year (students with disabilities only)
Required credits	15	48	81	114

Single-cycle master's degree programmes

Course year	2nd	3rd	4th	5th	6th and 1st supplementary year	1 st supplementary year	2nd supplementary year (students with disabilities only)
Required credits	15	48	81	114	147	180	213

¹ The Equivalent Financial Situation Indicator (ISPE) is determined by the ratio between the Financial Situation Indicator (ISP) and the equivalence scale (SE) specified in the ISEE statement.

Two-year master's degree programmes

Course year	2nd	1st supplementary year	2nd supplementary year (students with disabilities only)
Required credits	18	48	81

FORMER ACADEMIC SYSTEM PROGRAMMES (Assessed yearly)

Faculty	Course	Programme	2nd	3rd	4th	5th	6th	7th	1 st supplementary year	2nd supplementary year (students with disabilities only)
97	02	THEOLOGY	1	6	11	15	19	24	29	37

For the calculation of years of university career, credit assessment, and years of study, please consult Articles 4, 6, and 7 of the scholarship application guidelines for the current academic year.

Bonuses cannot be used.

Standard enrolment is required for specialisation programme and PhD students.

Article 4 - Definition of 'particularly serious situation' and eligibility criteria

The special grant is available to students facing severe and documented hardship that could compromise the continuity of their studies. This hardship must stem from a recent event, that did not occur prior to the date specified in Article 3 of this notice (1 October 2022), which includes the following situations:

1. Serious economic hardship experienced by the family or the student (*e.g. redundancy of one of the members of the household, leading to a significant decrease in family income*), or resulting from asylum-seeker or refugee status for foreign students;
2. A change in the family situation (*e.g. death of a parent*);
3. Serious hardship resulting from the illness of the student or another member of the household (or other situations to be assessed on a case-by-case basis), which has resulted in a significant financial outlay and/or loss of earnings.

Article 5 - How to apply

The special grant application must be submitted exclusively through the online procedure of the Student Portal by accessing the www.ersucagliari.it website **from 8/04/2024. The deadline for application is 10/05/2024 at 1 pm.**

Students must have SPID credentials (min. level 2) or an Electronic Identity Card (CIE) In order to access their personal area on the Student Portal.

Until further notification, students who, fall into the following categories when accessing the Portal, will be able to complete the login accreditation procedure without the need for SPID or CIE credentials:

- under 18s;

- students who do not have Italian citizenship and do not hold a valid Italian identity document.

Failure to provide the documentation indicated in this notice will result in rejection of the grant application.

Students, who have already completed and submitted the application, may independently make changes and corrections to it up to the deadline. The last application submitted will be considered for ranking purposes.

It will not be possible to edit or submit the application online after the deadline; paper applications will not be accepted.

5.1 Applicants must observe the following steps when completing the application:

5.1.1 Fill in the appropriate form in the benefits area in their personal area of the Student Portal, selecting the A.Y. 2023/24, accessing the 'Special Grant' section, and specifying the reasons for application.

The application must contain information about the student's university career (see point 5.1.2) and, for students enrolled in supplementary years, information on the student's academic achievements (see point 5.1.3).

The application must also contain the details of the 2024 ISEE certificate requested by the applicant for the purpose of determining the family's economic condition and assets (see points 5.1.4 and 5.1.5 and, for foreign students, point 5.1.6).

5.1.2 All students must indicate the course year in which they are enrolled, and the year of enrolment in the degree course they are currently attending (three-year degree, single-cycle degree, master's degree programme, etc.) and for which they are applying for the grant. This allows the course year to be calculated for correct inclusion in the ranking. They must also indicate any breaks in their university career, and the year of re-enrolment on their current degree course.

Special cases: Students with credit transfers and who have been awarded a three-year degree who subsequently enrol on a single-cycle degree course (e.g. three-year bachelor's degree in Legal Studies and subsequent enrolment on a single-cycle degree course in Law). When submitting their application, students must indicate the year in which they enrolled on their current degree course, and the year of the course (e.g. third or fourth year) in which they were enrolled by the student administration office following a credit transfer or enrolment on a single-cycle degree course.

5.1.3 Students enrolled in supplementary years must declare all the credits or years of study completed by the deadline set out in this notice. To this end, before completing the online application, they must check that they have registered the exams they have taken as part of their study plan. University credits and years of study not yet registered by the Faculty administrative office, including any examinations taken abroad under the Erasmus or similar programmes may be declared in the 'Unregistered Examinations' tab of the form on the Student Portal, provided they have been completed on the date of submission of the application.

The calculation of the weighted average will take into account all exams and be graded out of 30.

Further official checks will be carried out concerning the years of university career and the actual date on which the credits and years of study declared in the self-certification attached to the application were obtained, through the acquisition of data directly from the University and from the other Institutes indicated in Article 1 of this notice. Should discrepancies between the credits or years of study certified by the student and the results of the official checks arise, the lower figure will be used.

University credits are only valid if they are recognised by the programme for which the grant is being requested, even if different from the previous year. For information about credits that are not valid for participation in this competition, please refer to the list under Article 4.1 of the call for applications for grant allocations for the current academic year.

5.1.4 The student must provide the details indicated in the valid ISEE certificate issued as of 1 January 2024, requested by means of a Dichiarazione Sostitutiva Unica (DSU – self-declaration form containing information about the family unit and any income and assets) submitted by the application deadline, bearing the wording “**si applica alle prestazioni agevolate per il diritto allo studio universitario**” (“this document is applicable for the purpose of university student benefits”). The certificate must be in the name of the student, and will be excluded if it shows any indications of omissions/inconsistencies detected by the Revenue Agency (Agenzia delle Entrate).

E.R.S.U. will acquire the indicators of the equivalent economic and asset situation, and other information required to assess the economic and asset conditions of the student's family, indicated in the valid ISEE certificate, by accessing the INPS database.

The student will be excluded from the ranking if the checks carried out by the Regional Authority do not show a valid ISEE certificate in the INPS database that complies with this call for applications, which has been requested by submitting a DSU before the application deadline. **Consequently, ISEE certifications acquired from the INPS database as of 20/05/2024 (10 days after the deadline) will be considered valid, provided that a DSU to obtain the 2024 ISEE is submitted by the deadline.**

After filling out and submitting the application, students can access their personal area on the Portal. They can view the certifications acquired from the INPS database in the 'ISEE Certificates' section. If there is more than one certificate, the certificate with the wording 'CONSIDERED' will be the one used for the income requirements assessment under the call for applications. The same screen indicates whether it is an ordinary ISEE (not permissible for participation in this call for applications), or a university ISEE, and whether there are any annotations from the Revenue Agency in the certificate.

The student must check that the certificate issued by INPS is correct. If an ordinary ISEE certificate or one with annotations has been obtained, the applicant must promptly request an ISEE certificate that complies with the requirements of the notice (ISEE for the right to study, without annotations), which ERSU will acquire directly from the INPS database.

5.1.5 When submitting the Dichiarazione Sostitutiva Unica (DSU) in order to obtain the ISEE certificate, students who declare that they are independent from their original family unit must produce tax documents (CUD, UNICO or other documentation) proving that they meet both of the following requirements:

- a) Residence at a different address to the family home, for at least two years prior to the date of submission of the application, in accommodation not owned by a family member;

b) Tax-declared income from employment or comparable income, for at least two years, of under €9,000 per year, based on a single-person household.

If even one of the aforementioned requirements is not met, except as indicated in the following point, the student cannot be considered 'independent'. They must, therefore, provide details of an ISEE certificate with their original family unit, including any income received by the members of the household.

Any student who does not meet the requirement to be considered independent outlined in letter b), may still submit an ISEE certification for subsidised university study benefits based solely on their economic condition, if the loss of income is due to the event that caused the economic hardship for which they are applying for the grant. The correlation between the event, that caused the economic hardship and having an income below the threshold indicated in point b) above, should be demonstrated by documentation that must be produced according to point 5.2.1 below.

The Regional Authority may still request additional documentation proving independence from the original family unit in order to assign independent student status for the purposes of allocating the grant. A married student who lacks sufficient personal income can be considered independent if their combined income with their spouse is less than €9,000 per year, and if the requirement of residing outside their original family unit is also met. Where this is not possible, the student must refer to the original family unit.

The documentation proving independent student status must be kept by the student concerned if required for any future checks.

The family unit of the applicant requesting the grant for PhD courses is defined according to Article 8, paragraph 4 of Italian Prime Minister's Decree No. 159/2013 ^(2.).

Individuals are classed as an independent household if they are registered as cohabiting, i.e. cohabitants for religious, caregiving, military, penal, or similar reasons.

Students who do not meet the requirements outlined in letters a) and b) to be considered independent, may still submit an ISEE certification based on their economic condition if they are a double orphan, or if the authorities (judicial authority, social services) have determined their emotional and financial estrangement from one parent.

If the student is in one of the following situations: orphan or registered as cohabiting, they must indicate this condition when submitting the online application on the Student Portal. If financial or emotional estrangement from a parent has been determined, the student must provide a copy of the ruling from the judicial authority or social services confirming their estrangement or abandonment by the parent.

² Article 8, paragraph 4 of Italian Prime Minister's Decree No. 159/2013: "The family unit of grant applicants for PhD courses consists exclusively of the applicant, their spouse, children under 18 years of age, as well as adult children. The possibility for the beneficiary to establish the family unit according to ordinary rules is still preserved."

5.1.6 The economic and asset condition of foreign students is assessed based on the documentation issued by the authorities of the country where the incomes were generated. This documentation should be translated into Italian and legalised by the Italian diplomatic authorities in the relevant country. If there are practical difficulties encountered in the country of origin, the documentation can be requested from the foreign diplomatic and consular missions in Italy. The document can be legalised at the Legalisation Office of the Prefecture.

Income and asset indicators will be calculated based on the incomes earned in 2022 by each member of the family unit, and 20% of the assets owned as of December 31, 2022, at the average exchange rate of foreign currencies.

Real estate owned as of December 31, 2022, will be evaluated only in the case of buildings, based on the conventional value of €500 per square metre.

For this purpose, the documentation must indicate:

- the composition of the family unit;
- income amount and type earned by the family unit in 2022. Students, who are unable to provide documentation on incomes for 2022, have the option of submitting documentation on incomes earned in 2023;
- total asset value and type owned by the family unit in 2022.

The aforementioned information, contained in the documentation described, must be provided by the student in the appropriate section of the online application form. The amount of income and total assets must be indicated in euros at the average exchange rate of foreign currencies.

In compliance with Italian Ministerial Decree No. 115 of 28 February 2023, the assessment of the economic condition of students from particularly poor and developing countries is based on certification from the Italian mission in the country of origin, stating that the student does not belong to a family known for high income and high social status ⁽³⁾.

Foreign students who earn income in Italy or whose family unit resides or earns income in Italy must comply with the rules for Italian citizens.

For students recognised as stateless individuals and political refugees, only the incomes and assets held in Italy, as indicated in a valid ISEE certification for university education rights, are taken into consideration. They are required to upload the certificate confirming their stateless or political refugee status, or their status under an international protection regime, to the Student Portal. This certificate must be issued by the relevant office of the Italian Ministry of the Interior or by the United Nations High Commissioner. The economic and asset status of these students is assessed according to the procedures outlined in Article 2 of the notice for the allocation of scholarships and accommodation for the current academic year. Applicants must submit their request for the calculation of income and asset indicators by the deadline specified in the aforementioned notice. Failure to do so will result in exclusion from the competition. They should contact the CAFs affiliated with the Regional Authority to obtain the equivalent ISEEU/ISPEU, which will then be acquired via the INPS database.

Foreign students with incomes earned abroad must apply for the calculation of the equivalent ISEEU/ISPEU by the deadline specified in this notice. This calculation will include the necessary information for obtaining the ISEE certification to assess their economic and asset status based on

³ Article 13, paragraph 5 of the Italian Prime Minister's Decree of 9 April 2001

the aforementioned documentation by contacting the CAFs affiliated with ERSU, as listed in the dedicated section of the Regional Authority's official website www.ersucagliari.it;

5.2 Documentation required.

After submitting the online grant application, applicants must upload the following documentation, required to assess the request, to the 'Upload Documents' section in their personal area on the Student Portal, by the deadline of the notice (**10/05/2024, 1 pm**):

- 5.2.1 **All grant applicants** must upload the documentation to this section proving the event underlying the application, which led to the occurrence of the condition as specified in Article 4 of the notice;
- 5.2.2 **Foreign students** must upload the documentation described in point 5.1.6 to this section, relating to the economic and asset status of the family unit, or documentation proving refugee or stateless status;
- 5.2.3 **Students with disabilities** who are in their **second supplementary year** must also upload a legible scan of the **certification issued by the Medical Commission of their Local Health Authority (ASL)** in the aforementioned section, certifying a disability rating of 66% or higher, or disabilities outlined in Article 3, paragraph 1 of Italian Law No. 104 of February 5, 1992.

Failure to upload the required documentation by the notice deadline **will result in exclusion from the competition.**

Official follow-up checks will be conducted on the actual date of obtaining the self-certified credits and years of study submitted with the application.

Article 6 - Criteria for drawing up the ranking list and notification of the results.

A single ranking list will be drawn up for the allocation of special grants. This list will be given in descending order, determined by the score assigned according to the framework in Table A), based on the type and severity of the event declared by the student, which motivated the submission of the application.

If several events are declared, the respective points will be added together, up to the maximum score of 10 points.

Where scores are equal, the ISEE will be taken into account, in ascending order. If the economic criteria are also identical, preference will be given to the younger applicant.

TABLE A)

EVENT DESCRIPTION	EVENT CONSEQUENCES	SCORE (max 10 points)
<i>Event involving the sole income earner in the family</i>	<i>Irreversible situation (e.g. death, permanent disability)</i>	<i>10 points</i>
<i>Event involving the sole income earner in the family</i>	<i>Temporary hardship (e.g. layoff, redundancy)</i>	<i>9 points</i>

Event involving one of the income earners in the family	Irreversible situation (e.g. death, permanent disability)	8 points
Event involving one of the income earners in the family	Temporary hardship (e.g. layoff, redundancy, hospitalisation)	7 points
Event involving one of the family members	Irreversible situation (e.g. death, permanent disability)	6 points
Event that directly involves the student	Financial hardship resulting from refugee or stateless status	6 points
Event that directly involves the student	Temporary hardship and inability to sit exams (e.g. hospitalisation)	1-6 points Points are allocated based on the duration of the documented temporary difficulty (1 point for each month or fraction of a month exceeding 15 days)
Event involving one of the family members	Temporary hardship resulting in significant financial outlay (e.g. hospitalisation)	1-5 points Points are allocated based on the duration of the documented temporary difficulty (1 point for each month or fraction of a month exceeding 15 days)

The grant will be allocated to eligible recipients up to the limit of the allocated budget.

Upon approval of the ranking list, a notification will be published on the Regional Authority's website, and the student will receive a specific communication at the certified email address entered in the Student Portal.

Article 7 - Payment methods

All grant recipients must provide the Regional Authority with the IBAN number of an account registered in their name. This can be done by accessing the specific section of the Student Portal and filling out the appropriate field to allow the amounts due to be paid into the account.

Payment can be made to a current or joint account in the student's name, or to a debit card with an IBAN number, excluding postal savings accounts. If the student provides an incorrect IBAN number or one linked to an account belonging to another person or to a closed account at the time of payment, any fees applied by the Treasury department will be charged to the student.

Additionally, all recipients must enter their certified email address on the Student Portal, as outlined in Article 8 below.

The grant will be paid in two instalments: 40% upon approval, by the deadline indicated in Article 9 below.

If the IBAN number or certified email address is not provided in time, it will not be possible to pay the first instalment of the grant by the aforementioned deadline.

The remaining 60% will be paid upon submission of the request for the balance. The request must be accompanied by self-certification of the exams passed after the date the grant application was made, and before the exam session, following the date it was granted. At least one academic year (for courses under the old system) must have been completed or at least 10 credits obtained within this period. To request the balance, students must submit a 'ticket' from their personal area on the Student Portal, attaching a self-certification of credits earned or academic years completed, immediately after fulfilling the academic criteria, and no later than September 30, 2024.

Should the student fail to meet this condition, they will not be eligible to receive the balance payment.

Article 8 - Certified email address for communication purposes

Grant recipients are required to specify a certified email address (PEC) in the personal information section of their reserved area on the Student Portal. This email will serve as the official channel for receiving notifications regarding the application process.

The certified email address must be registered in the applicant's name.

This requirement will be necessary for authorising the payment of the amounts due. Payments will not be processed until the grant recipients have entered their certified email address (PEC).

Article 9 - Timeframe of the proceedings

The ranking will be approved within 60 working days of the deadline set for the submission of applications. The payment of the first instalment of the grant will be made within 60 days of the approval date of the ranking.

Students may lodge an appeal to the General Director of E.R.S.U. Cagliari within 30 days of the publication of the final rankings.

Judicial and administrative appeals under the law may be lodged against the final rankings.

The administrative body overseeing the procedure is the Student Rights Office. The head of the procedure is Mr. Michele Puddu – Student Rights Office, tel. +39 070 66206367.

Article 10 - Protection of individuals and other persons concerning the processing of personal data - Information in accordance with Articles 13 and 14 of EU Regulation No. 679/2016 (GDPR)

The request for access to services for the right to study, submitted through self-certification, includes the transmission of data about the student and their family to the Regional Authority. The data are mainly used for processing in competition procedures, carried out by computer systems, and are aimed at drawing up rankings and awarding scholarships and accommodation.

The data are processed in accordance with legal obligations as per the regulations laid down by Italian Legislative Decree No. 68 of March 29, 2012, the Prime Minister's Decree of April 9, 2001, and Regional Law No. 37 of September 14, 1987.

The processing of special categories of personal data is regulated by Article 9, letters b and g, of EU Regulation No. 679/2016 (GDPR).

The data are communicated, using appropriate procedures, to the persons for whom disclosure is required by law, or for the fulfilment of institutional functions. These figures include ERSU employees, the head of the procedure, or personnel involved for control and/or statistical research purposes, as well as all persons authorised under Italian Law no. 241/1990, and subsequent amendments and additions, and other public entities for control and/or inspection purposes.

The data are also used for formal and substantive checks of the self-certifications provided and for this purpose may be communicated to the Revenue Offices, the Tax Registry, the Tax Inspectors, public and private banks, the University of Cagliari or other universities, municipalities, provinces, the Autonomous Region of Sardinia, and other Italian regions.

In accordance with Italian Ministerial Decree of March 8, 2013 (“Definition of the methods for strengthening the ISEE control system”), the information of beneficiaries of right to study grants is transmitted electronically to INPS for the inclusion in the Database of social benefits.

Processed data will not be transferred outside the EU.

Processing will be carried out in an automated and/or manual form, using methods and tools aimed at ensuring maximum security and confidentiality. The personal data collected are stored in compliance with the principles of lawfulness, fairness, and transparency, purpose limitation, data minimisation, accuracy, storage limitation, integrity, and confidentiality, as well as accountability, in accordance with the provisions of Article 5 of GDPR 679/2016.

Data provided in relation to requests for the allocation of right to study grants will be kept indefinitely, to allow for checks related to the assignment of benefits in any previous university careers.

With regard to the processing of data, the rights provided included in Articles 15 to 22 of EU Regulation No. 679/2016 (GDPR) 679/2016 (GDPR).

The Data Controller is the E.R.S.U. (Regional Authority for the Right to University Study) of Cagliari, represented by the acting President.

The Data Processor is the Director of Administrative Services.

Article 11 – Publication

This notice for applications is published on the website of the E.R.S.U. of Cagliari: www.ersucagliari.it.

Article 12 - Information

For information and clarification regarding this notice for applications, students should contact the Student Rights Office at the following numbers: **+39 070 66206405 - 66206406**, during the following office hours:

Monday to Friday, from 9:30 AM to 12:30 PM; - Tuesdays also from 3:30 PM to 5:30 PM.

By accessing their Personal Area of the Student Portal, students will also be able to:

- 1) Submit requests for information to the Student Rights Office through the ‘ticket’ service and view the response from the operators. The ‘ticket’ refers to the request for assistance and/or communication of additional information to ERSU, traced by the appropriate computer system.
- 2) Request an appointment, which can be scheduled according to the timetable set by the operators, and choose the preferred appointment management method from those offered by the Office.

The personal data acquired during the information request process will be processed in accordance with Article 10 of this notice.

Article 13 – Notifications about the procedure

Notifications from the Regional Authority regarding actions taken concerning individual students, such as assessments of eligibility and the revocation of benefits, will be sent either by registered mail with return receipt, or via the certified email address (PEC) provided by the student during the grant application process (or subsequently entered in the Student Portal as outlined in Article 8 of this notice). Depending on the nature of the measures taken, notifications may also be sent by sending a sealed registered envelope with acknowledgment of receipt in accordance with the Italian Law No. 890, of 20 November 1982, Article 10 of Law No. 265 of August 3, 1999, Law No.689/1981, Article 18, and Article 149 of the Italian Civil Procedure Rules.

General notifications are published on the Regional Authority's official website.

Article 14 - Safeguard clause

This notice has been prepared to implement the Board of Directors' resolution No. 15 of 28 March 2024, regarding the "Approval of guidelines for the preparation of calls for applications for the allocation of grants for the right to study, academic year 2023/24," forwarded to the relevant bodies to check its legality and merit.

The notice is published pending the receipt of the required opinions on legality and merit, in order to expedite the conclusion of the process for the benefit of the students who are allocated grants. If the opinions received do not concur, the necessary steps will be taken to adapt this notice accordingly, and information will be provided by publishing specific notifications on the Regional Authority's official website.

Signed by the Director of the
Administrative Services
Ing. Sergio De Benedictis
